Woo!

You come spinnin' back around like a boomerang
Did you see for yourself that that other grass wasn't so
green

And your best laid plans feel through, it's a cryin'
shame

So your dream is a little off track
Now you say you wanna come back

Chorus:

That wouldn't break my heart
Havin' you back again here in my arms
That wouldn't hurt my feelin's
To give it another go
And you can't stop constantly thinkin' about me
And life just ain't worth livin' without me

That wouldn't break my heart

No, no...

Baby I just got done gettin' over you
And I even got used to believin' that we were through
Havin' you around's gonna take a little gettin' used to
I may regret it someday

But if you promise you will behave

Chorus

(Instrumental)

Now you say you wanna come back...

Chorus x 2

That wouldn't break my heart

That wouldn't break my heart

No, no...
