(Dwayne O'Brien/Gary Burr)

Who were we tryin' to fool

Did we really think love couldn't reach us

Like a wind that just blew and blew

'Til it knocked down the walls here between us

An irresistible force, soft and sweetly

Threw open the doors so completely

Chorus

Undeniable

Even the strongest heart would fall

With every kiss

This love is

Undeniable

It started a long time ago

We did our best to resist it

Now it's so far out of control

We might as well just admit it

Whatever it was that brought us together

Will keep love alive, and be forever

Chorus

(Instrumental)

Ohhhh...

Chorus

With every kiss

This love is

Undeniable

(This song is dedicated to Nancy Lee Grahn and Wally

Kurth, "Nexis"....their talent IS

Undeniable.)
