Don't get carried away with me
'Cause I don't care if you want me baby,
Oh don't get me wrong, 'Cause you got it going on,
You're taking too long.

Oh just stop,
I'm finding it, impossible to see,
Why, you keep on calling me,
Oh just stop,
Taking me for granted,
There's only so much I can take,
Only so I'm out the way.

Don't you,
Forget about me,
Then you'll see,
I can be, all you need,
Well I'm through,
I'm through with chasing you,
'Cause it's over,
Yes, it's over.

Don't get carried away with me
'Cause I don't care if you want me baby,
Oh don't get me wrong, 'Cause you got it going on,
You're taking too long,
You're taking too long.

Don't get carried away with me
'Cause I don't care if you want me baby,
Oh don't get me wrong, 'Cause you got it going on,
But, you're taking too long,
You're taking too long.

Woah-oh
