Sometimes, I feel like I'm going out of my mind
Girl the way you do me it's a damn crime
And you smile at me and it's alright
With you there ain't no in-between
Every time that I walk out the door
Tell myself I won't take it no more
There's a part of me that won't let you go
Keep saying yes while my minds saying no

Me and my heart we got issues
I Don't know if I should hate you or miss you
Damn I wish that I could resist you
I Can't decide if I should slap you or kiss you
Me and my heart we got issues, issues, oh oh
We got issues

It's awful, girl you left me hanging for so long
You empty out my love until it's all gone
You change the words but still is that the same song
I'm tired of the melody
Change my number and throw out your clothes
But my feeling for you it still shows
I keep building a wall round my heart
But then I see you and it all falls apart

Me and my heart we got issues
I Don't know if I should hate you or miss you
Damn I wish I could resist you
I Can't decide if I should slap you or kiss you
Me and my heart we got issues, oh, oh
We got issues,

Can't fight it, can't hide it
Truth is I think I like it
Confusion, illusion
Still I just don't know where to go

Me and my heart we got issues
I Don't know if I should hate you or miss you
Damn I wish that I could resist you
I Can't decide if I should slap you or kiss you

Me and my heart we got issues
I Don't know if I should hate you or miss you
Damn I wish that I could resist you (yeah)
I Can't decide if I should slap you or kiss you
Me and my heart we got issues, oh, oh, oh,
We got issues,
Me and my heart we got issues,
We got issues,
We got issues.
