What's a girl like you  
Doing  
Hanging around  
Letting him get you down  
All he puts you through is hell  
When there's a guy like me  
Who'd happily  
Pick you up when you're feeling down  
Shush girl  
I don't wanna hear that sound

No, please don't cry  
Sugar, you don't have to carry on  
Like this  
Why don't you say goodbye to him  
Don't let it break your heart again  
There's no need to pretend  
That everything's okay

(Everything that you want)  
You've got it  
(Everything that you need)  
Well That's me

I never saw this coming but you swept me off my feet  
(You swept me off my feet)  
Don't worry, I don't want to get good  
You're so sweet  
Let me take you off his hands  
Come spend a night with me

If i can  
I wanna be your man  
If i could  
I would  
You wouldn't understand  
Cause when a girl like you's  
Had her heart bruised  
You don't know how anyone could care  
You should know that I'll always be there

Well Let me take you anywhere you wanna go

You won't have to wonder  
You'll know anything you wanna know  
Ah How you feel inside?  
I think you suddenly let it off your mind

Cause with a guy like me  
You'll live happily

Everything will be okay

(Everything that you want)  
You've got it  
(Everything that you need)  
Well That's me

I never saw this coming but you swept me off my feet  
(You swept me off my feet)  
Don't worry, I don't want to get good  
You're so sweet  
Let me take you off his hands  
Come spend a night with me
