[Daz]

Motherfuckers know that it's on tonight  
we came in here to fuck it up with a shoot out or fight  
Niggas don't understand that it's on tonight  
hap hap hap it's on tonight.. Young Gotti!

[Kurupt]

Take preparation (preparation) meditation (meditation)  
Convalescent solo solo psycho store storm and store  
propane  
to roll the game rearrange change rain or snow  
but for real explain the exceptional view  
With the exception of an exceptional feud I view  
Impose the arsonists to burn a bunch, extreme  
kerosene  
Helium dioxide aquanated oxide acquitted lop side

[Chorus]

Baby this is it fuck da world  
I'ma be the first nigga to fuck da world  
Converse apparel inspired by..  
Fly out the barrel five out the barrel

[Kurupt]

Just take position ammunition, convalescent Converse  
Where we at first is where we at last, where we last  
cash  
One last toke will make your smoke ride high  
I'ma give everything like pushing the button  
Now how does it feel when you die for nothing?  
Metropolis crumble, apocalypse mo' lines surround and  
dine  
Let loose in at least a Nam, calculate keep time  
Finish the World War I've been a star  
The knock quiminitar(?), strange and restrain  
Retired and rewired, melodically molecules  
Strategy and logic enables our positions then points us  
missiles  
All sided equal... deeper than pistols  
For instance... unknown the science of forensics  
Get your backpacked like ten sticks  
Hit like ten sticks hit with the effect of tense ticks

inglow(?) sticks

[Chorus 2x]

[Kurupt] Baby this is it

[Daz]

It's on tonight

We came in here to fuck it up with a shootout or fight..

Boop boop hap hap, nigga it's on tonight

We came in here to fuck it up with a shootout or fight

[Kurupt]

Nigga you want war? Yeah right, I'm mic sky like stiletto

Holocaust to high school, roscoe to Vasco

Impossible lives the hospitalized

franchise strip niggas is broke for ranches mansions  
avalanches

Alarms ring cause harm in court

like platinum and gold

I've sold a whole, explosions hit explode implode

Popped out bodies dropped off on Rider's road

I've seen and foreseen the unseen

and able hardly able to separate the myths from fables

I'ma buy a Baltic while you purchase fireplaces

Poisonous supply and occupy in space

The midnight I could hide the dark until the spark

Light up the night nothing everything in sight

I'ma cross the finish line with both legs broken

Flow coke broken both toke smokin' (wha?)

Daz dilly machine dean two shottie

The life of a party is a live scene

Gastra.. neo kung-fu niastra

Monsoons swarm en route like harpoons

Young black Sinatra analytical ANTRA

a million percent proof bound to found the youth

uncrude uncoil bubble and boil turmoil

Don't specialize and ill crack your bones

Now fuck with that (automatic cardiac attack)

Forced to front in your chest back, (?)no raptor arab(?)

Kuruption! Yeah that's me!

New word to the dome, cyclone stallone

stainless steel momomamamarron(?)

get done cloned and choke in stone

[Chorus: 2x]

[Daz]

Daz Dilli, Fredwreck, Kurupt the Kingpin Young Gotti

Servin y'all suckers to one inch

Straight to the dome nigga phill smoke some sit back  
For all the real thugs out there  
Meditate penetrate on these suckers
