She the definition of a ratchet  
Come through any time, guaranteed she get it cracking  
I only mess with her 'cause you know I gotta have it  
Ratchet, ratchet, ratchet, ratchet  
She the definition of a ratchet

Come through any time, guaranteed she get it cracking  
Only mess with her 'cause you know I gotta have it  
Got it, break it down, definition of a ratchet

How do I define this bitch? Ratchet  
Spit the goofy, try to do me, grip it up and grab it  
Her hobby, jumping on my dick like a rabbit  
I call her little Lola 'cause you know she gotta have it  
This is how I step up in the function with the magic  
Young Puff the magic dragon, I could fill a station  
wagon up with  
Looking for a bitch  
Bet you might know that fit this description  
High off of that, medical prescription  
Put my dick in, just so addicting  
You, you, and you and you  
You too, both of you, and you too, and you too  
I bring it to you, what you wanna do?  
And then you can do what you wanted, it's all so ratchet  
Bomb head, country fair, little bitch  
Listen here, all I'm saying, sip on the plain, I got her  
screaming

She the definition of a ratchet  
Come through any time, guaranteed she get it cracking  
Only mess with her 'cause you know I gotta have it  
Ratchet, ratchet, ratchet, ratchet  
She the definition of a ratchet  
Come through any time, guaranteed she get it cracking  
Only mess with her 'cause you know I gotta have it  
Got it, break it down, definition of a ratchet

When I walk up in the spot, watch all these ratchet hoes  
fronting  
They at my table now, wheelchair stunting

Hit a doggie, so we popping bottles, now she love me  
I don't really know her, but she always call me buddy  
She love the tats on my arms and my chest  
Rubbing on me, getting too close, next  
I don't eat the kitty, I beat the kitty so stop asking  
Just come screw me, I know you're ratchet  
Why you playing games? Girl, I ain't here to talk  
I'm tryina marry that, on top  
Call the cops, crime wash, couldn't even help  
And only bad chicks get to jump under my belt  
And she from the city so she ain't never lonely  
She try to 143 but she splash a homie  
Her phone's off, don't call back  
From the party to the crib, she went all that, ratchet

She the definition of a ratchet  
Come through any time, guaranteed she get it cracking  
Only mess with her 'cause you know I gotta have it  
Ratchet, ratchet, ratchet, ratchet  
She the definition of a ratchet  
Come through any time, guaranteed she get it cracking  
Only mess with her 'cause you know I gotta have it  
Got it, break it down, definition of a ratchet

Look, I do it for the ratchets  
Beast in the bed, she a savage  
Bitch, I'm a boss, I be on my Meek Mills  
If I pull that meat out she gonna bust it in the grip  
She a freak, no lame, met her at the spot  
Your bitch sell dope and she driving on the fly  
Got a nigga with the Cola, brothers from the set  
One call away, that bitch hit me with a text  
The pussy on deck, scum of the scummy  
Got a friend named Leslie but little mama bummy  
I seen her in the club, she bumming for a drink  
Fucking with the ballers, bitch, what you think?  
Bitch, wait a minute, I ain't even finished  
This ain't for you, this for my niggas  
Bitch, wait a minute, I ain't even finished  
This ain't for you, this for my niggas

She the definition of a ratchet  
Come through any time, guaranteed she get it cracking  
Only mess with her 'cause you know I gotta have it  
Ratchet, ratchet, ratchet, ratchet

Top drawn, sunset, sitting in traffic  
Rollin up the kush, man you know I gotta have it  
Bitch looking at me, oh my, I look at this maggot  
Baby, you can ride if you let 'em niggas grab it  
Ratchet, ratchet, girl your ass ratchet

Then she ask me for some money, I say baby you can  
have it  
Like girl, I ain't stuntin you, love 'em Laciaana girls  
Some more ratchet girls pulling out in front of cameras  
Girl, you so ratchet I don't know if I can handle you  
She hopped up in the passenger, said she was a  
goggler  
Then she started goggling, goggle mil, do your thing  
Five minutes later she was duck, duck swallowing  
Hold on baby girl, this the end of the line  
I gotta drop you off at the next stop sign  
My homeboy came to the club with a dime  
That same ratchet bitch, man that ratchet hoe fine

She the definition of a ratchet  
Come through any time, guaranteed she get it cracking  
Only mess with her 'cause you know I gotta have it  
Ratchet, ratchet, ratchet, ratchet  
She the definition of a ratchet  
Come through any time, guaranteed she get it cracking  
Only mess with her 'cause you know I gotta have it  
Got it, break it down, definition
