[Intro]

Let me take em far back man

[Verse 1]

Reminisclin' talkin' about the times we missin'  
Zeus overloads zap board clip clip  
Bumpin' Too Short E-40, gas break div  
A zip and a 40, and some bad women  
Remember the fresh fast, that was the best  
We used to sit in the nose bleeds and smoke a spliff  
Zip bag hell seeds, we were weed stressed  
When the South used to fuck with the West  
Coast doing the most  
Candy apple paint star wise and vogues  
Fast bank and penitentiary pose  
Everybody eating, fly brand new clothes  
This is a family affair, a family reunion  
A special occasion, we barbeque'n  
We had to bring this OG shit back  
Battle cat on the track

[Hook]

Do you remember?  
The games we played  
I feel the same way  
So come on over  
and let me have my way  
We ..

[Verse 2]

Poker sacks, Cadillacs on Saks  
... smoke bounce  
Have an ounce off that  
Watchin' that Cadillac off that  
Candy drip up and down front back  
On that floss that, lost in transition  
Just reminisclin'  
Of the days of the homie in the flippin pigeons  
We live for the moment and we love livin'  
Do you remember, every September  
On the hoes bumper, Alpine's bumpin'

System overload, gotta find something  
To get in next summer  
The ends kept coming  
Smoking on tree, the bomb EP  
Indica .. we rollin on three  
Tank you awake you  
To make you feel how I feel my nigga  
Can you relate to a dog pound?

[Hook]

[Verse 3: Too Short]

I'm waiting on the mother ship  
On some Parliament, funkadelic shit  
When I was ten, it wasn't Too Short  
And I was at the Colliseum  
Watchin' George Clinton  
I see these grey hairs on my chin, but  
I swear, I'm feeling young again  
Cause back in '76, I dreamed of being rich  
But never like this  
And now I'm beginning to see  
All the memories are so clear to me  
You just wanna make a better world for your kids  
But its hard when you try telling your girl what it is  
Then you think about your mama and all the drama  
She still raised you,  
You still wanna buy a house for her somewhere safe  
and sound  
Loving all this money we makin' now

[Hook x2]
