feat. Masta Killa

Walk in the club, doing it big  
Everything she do shit on some rogue shit  
Champagne on her body on some new shit

I'mma exclude her and include her  
Pussy wet on the set make the pussy purr  
Or some ja Rastafarian rue girl  
Pink pussy, pink panties, pink nouveau  
Trouveau, too slow, Gotti, Caruso  
Crew slow, crew grow, just me and my Uso  
This is how the club crack after hour, that, that  
Ass on shake make the club quake  
Everything she got, everything she make her pussy  
whistle

Her pussy whistle  
All that fuzzy make her pussy whistle  
Her pussy whistle  
I make her pussy whistle  
Rally up, tally up, the whole rally up  
Yeah, have a party in the sky, stay high  
Getting blown while we fly, slow motion in the sky  
Make her pussy whistle

Sipping ' I'm in the club flow  
It's just noodles with my Borsalino, hat low  
Watch her as she work the pole brush coco, mango  
Panty with a pussy hole, silky with a lace trim  
Slim goody make her booty clap, I wanna tap that  
Make the kitty cat whistle back, I know she got that  
Let's snap a dog, catch us sinning, I had to ask her  
Will you give that piece your punami miss blondy?  
When your friends call me, Palm sweet Beach  
After party let them all see, her pussy smoke it loosely  
Freak, let your body speak, if they stay in heat  
Knee deep in between these sheets, do it to the beat  
Come whistle at the hot chick, me and Gotti getting  
money  
Popping dough, smoking lovely, G's up, hoes down

Wu Tang the dog pound coming through your town  
Come party with the best ' in the West

I make her pussy whistle, pussy whistle  
Pussy whistle  
Make her pussy whistle, pussy whistle  
Pussy whistle  
Make her pussy whistle, pussy whistle  
Pussy whistle  
Make her pussy whistle, pussy whistle  
Pussy whistle  
Man, I make her pussy whistle  
Pussy whistle, pussy whistle  
Make her pussy whistle, pussy whistle  
Pussy whistle  
Ass on shake make the club quake  
Everything she got, everything she make her pussy  
whistle

Her pussy whistle  
All that fuzzy make her pussy whistle  
Her pussy whistle  
I make her pussy whistle  
Rally up, tally up, the whole rally up  
Yeah, have a party in the sky, stay high  
Getting blown while we fly, slow motion in the sky  
Make her pussy whistle  
Smoking on the bong and watch me get it on  
Man, I make her pussy whistle  
Pussy whistle, pussy whistle  
Make her pussy whistle, pussy whistle  
Pussy whistle
