[Kurupt]

A bitch is a bitch, whether she poor or rich  
She still gettin a gang of dicks  
It don't matter what you do or say  
Cause bitch you can't change my feelings no way  
I been across the whole U.S.A.  
Same ol' hoes on different days  
Just ask my big homeboy Snoop de Snoop  
Bitch you ain't cute, with all that (woop de woop)  
I might just rock ya, I ain't afraid to blast  
I might rock a fella like Dame and dash  
Grip the heater and slap your ass  
Cock it back, automatic clap your ass  
Now this is how a gangster mash out  
The homies in the Coupe, me and Snoop in the glass  
house  
Bouncin (bouncin) bouncin (swervin)  
Blaze up a whole ounce and get the ramen with the  
cotton candy

Chorus: Snoop

Yeah, and all my niggaz say... ride, ride on  
Yeah, and all the honies say... ride on  
Yeah, and all the bitches say... ride on  
Yeah, and all the robbers say... ride on (can't get  
caught up)  
(repeat 2X except last line)

[Snoop Doggy Dogg]

I'm out to paper count the paper bump some bitches  
and move  
I take a trip with my click on a three day cruise  
Spank the corner in the fo', sittin low gettin low  
now we headed to the sto' in the fo', hoes holler  
Top dollar with the gold flea collar  
Dippin in my blue Impala  
They say Snoop Dogg is a fool, cause he got the  
bitches  
and the little homey sellin weed up outta high school  
I never ever break the law, I just bend it  
Keep everything splendid, that's how I intend it

Class is in session, you might get suspended (shhhh)  
if you don't shut the FUCK UP and listen for a minute  
I been in it for life, with two kids and a wife  
with no tattoos just stress and stripes, so  
I'ma do what I feel and do what I like  
but I won't go to sleep without my heater at night (ride  
on)

Chorus

[Kurupt]

Nigga gimme erything you got, from your hat  
to your contacts, t-shirt to your socks  
Dogg Pound affiliate? Hell naw nigga  
Certified branded Cedar Paul nigga  
Mashin, grey and, blue all day  
All night all heated with heaters, mac-11's  
nine millimeters, whattup Big Nate  
I got a bitch that gobble up dicks like steak  
She lives upstate, and I don't think  
near a one of those bitches is proper, stash the  
chopper  
DPology (DPG) but first call Snoop  
whattup big homey niggaz with the swoop  
The homey jumps in whips out the four pound  
When we get there, we shakin all motherfucker down  
It's what I had in mind, let's get paid  
Hit the spot just like a raid one of the homies got a  
gauge  
Come on

Chorus

[Snoop Doggy Dogg]

Let me holler at y'all for a minute man  
I mean this game is gettin real deep  
We got niggaz that be misrepresentin  
I mean, motherfuckers you know thinkin that DPG  
is a motherfuckin football game or a football team or  
somethin  
Niggaz walkin on and shit like they free agents  
and just leavin when they want to  
Nigga this ain't no game, this is a motherfuckin way of  
life  
DPGC, Dogg Pound Gangsta... nigga!  
The fuck wrong with these niggaz man?  
Niggaz be straight tryin to put they little twist down  
(holla at em)  
But you know we tryin to stay two steps ahead of the  
game baby, y'know?  
Let me holler at y'all for a minute, especially YOU

You done stepped in some Dogg Shit, check your shoes  
Nigga this ain't Hollywood, the House of Blues  
It's the Dogg House, so regroup your troops  
and tell em... it's Kurupt and Snoop  
Fuck your crew it's on I take your Brome  
It's Don Corleone in the Chronic zone  
I turn your dubs into nickels, while I'm chillin  
I melt your rhymes into icicles, while I'm killin  
Sell em, I tell em, Kurupt, what's up  
I know you feel like, givin it up  
We can't stop, won't stop, what foe  
Cause every other day another nigga tryin to pull a  
dulo  
You know, when I was fuckin with the hood  
it was all bad, thought it was all good  
A nigga had to take a breather  
now I'm Living Single, like Khadijah, cause they'll  
squeeze ya  
Fuck a feeding fish, I put my dick in your bitch  
and make a wish, ha hah  
Nigga that's gangsta shit, with the gangsta twist  
Yeah, Dogg Pound gangsta...
