Gonna dissect man, roll this shit
For the homies, now who that?
Yeah, it's Kurupt fool, live
Dogg pound

And let all y'all know, know, know we live
Yeah Kurupt the raw dogg
Dogg pound gangsta for life
And my own thing, antra
Check this out, check it out

1, 2 to the 3, K to the U R U P to the T
Dips and toe back whips
I ain't for competing, I own banks in Sweden
I keeps a low profile, I don't floss
Top dogg, fool I'm the boss

Speculative decisions, I'm giving out executive
positions
Making my own executive decisions
O G lie the only way is supposed to be lie, simply, it's all
in me
So when you think about Kurupt just think about
Bentley's

Who do u be, tell me tell me
That's a nigga [Incomprehensible]
Who do u be, tell me tell me
Steady cruisin' with your mind on the cash
Everything is tight so what you think be the past

Feel the flames, separate terrains
We on the same track on separate trains
I'm all about coasting, locomotion
Sip get lit smooth

Move in slow motion, smooth as lotion
Headed to where the G's reside, ready to ride
I'm a fix it all, twist it all
By showing all y'all what's the meaning of all

I'm hyper like a sniper on dope and dynamite

I ignite the stage like rage or sawed off gauge
Now all y'all off the stage you be the first one, verse
one
Nigga disperse one and I'm a show you how you get
the job done
You cant buy it, the sound encourages riots

Who do u be, tell me tell me
That's a nigga [Incomprehensible]
Who do u be, tell me tell me
Steady cruisin' with your mind on the cash
Everything is tight so what you think be the past

Yo, I feel a whoo, bars with that whoop de whoop
Coming swoop, chill with Kurupt and the crew
In the back of the pad but don't get mad, don't get
upset
If I have to jab and jet

I gots to go put in, I get it all good in
So don't tweak come back next week
But when she came back she met a hard fact
Dude the ain't where Kurupt stay at

Who do u be, tell me tell me
That's a nigga [Incomprehensible]
Who do u be, tell me tell me
Steady cruisin' with your mind on the cash
Everything is tight so what you think be the past

Who do u be, tell me tell me
That's a nigga [Incomprehensible]
Who do u be, tell me tell me
Steady cruisin' with your mind on the cash
Everything is tight so what you think be the past

Who do u be, tell me tell me
That's a nigga [Incomprehensible]
Who do u be, tell me tell me
Steady cruisin' with your mind on the cash
Everything is tight so what you think be the past

Who do u be, tell me tell me
That's a nigga [Incomprehensible]
Who do u be, tell me tell me
Steady cruisin' with your mind on the cash
Everything is tight so what you think be the past
