How do I speak of the indescribable to You
I will try to explain these feelings that are true
So looking to the sky, I will sing
And from my heart to You I bring

All of the words in all of my life
That could never explain and never describe
All of my love, which is nothing to hide
So I lift up my hands and I worship, I worship You

In Your presence I forever choose to live
I will praise You for it's all I have to give
So looking to the sky, I will sing
And from my heart to You I bring

All of the words in all of my life
That could never explain and never describe
All of my love, which is nothing to hide
So I lift up my hands and I worship

By Your grace You let me come talk to you
It's not that I'm worthy I thank You, Jesus
For the love that You have shown

All of the words in all of my life
That could never explain and never describe
All of my love, which is nothing to hide
So I lift up my hands and I worship

With all of the words in all of my life
That could never explain and never describe
All of my love, which is nothing to hide
So I lift up my hands and I worship, I worship You
