I've been looking from the outside, outside  
I've been walking on a straight line, straight line  
Scared to let the world see my failures, who I am, or  
who I've been

I've been waiting for somebody else to  
Take the chance that I am so afraid to  
I don't know how to find myself am I the only one the  
only one

Oh I wanna feel You move me like a river running  
through me  
I am so tired of trying to prove it I'm never gonna do it  
alone  
God I need You to be my identity

It's always easier to hide behind that  
Camouflage that keeps our hearts so guarded  
But there's no shame when we surrender everything to  
You  
Everything to You

Oh I wanna feel You move me like a river running  
through me  
I am so tired of trying to prove it I'm never gonna do it  
alone

I want to see the world change, see the system cave in  
You pull our hearts from the ashes  
The cry of the captive is rising

Cause I wanna feel You move me like a river running  
through me  
I am, so tired of trying to prove it I'm never gonna do it  
alone

Oh Oh I wanna feel You move me like a river running  
through me  
I am I am So tired of trying to prove it I'm never gonna  
do it alone  
God I need you to be, I need you to be, yeah

God I need you to be, my identity,

My Identity.
