"Let You In"

Lying here, in this pit that life's pushed me down
I don't know, just how long
I can take or when I might break
I'm in need so someone, please show me the truth

This need is real in my soul I feel the love You shared
That's why I can't say no again
My thoughts are confused for my sins You're abused
My heart it screams, to open up and let You in

In my mind, I'm still fighting to understand
Nothing's free, but what You offer me
You give so freely, though it cost You Your life
And inside, You show me the truth

This need is real in my soul I feel the love You shared
That's why I can't say no again
My thoughts are confused for my sins You're abused
My heart it screams, to open up and let You in

You know I try to do it, to be a self made man

I tried to place it all upon my back again
But this crushing weight was well beneath the skin
Panicking for the light, inner struggle I fight
But then I realized that You could be the only way

This need is real in my soul I feel the love You shared
That's why I can't say no again
My thoughts are confused for my sins You're abused
My heart it screams, to open up and let You in
Let You in, let You in, let You in
