"Pride Away"

Have you ever seen a man stumble and fallen
All do to his pride?
I don't wanna be another one
Fallen due to my pride

Woah, woah
No no no
Woah, woah

And take my pride away, pride away
And take my pride away, pride away
And take my pride away

Lord keep me only focused on you
Make me a humble man
Don't ever let me take the credit
For all that you have done

Woah, woah
No no no
Woah, woah

And take my pride away, pride away
And take my pride away, pride away
And take my pride away

Away, away, away, away
Away, away, away, away
Away

Standin' here amidst this point of definition
Pushin' for position as I battle opposition
Am I on a mission or is it all in vain?
Do you notice the difference or is it all the same
And who do I blame when my vision get blurry I
Get in a hurry frustrated and feelin' fury

Faith is enduring to stand the test of time
Answers are plain we make them hard to define
But pull from divine when problems arise
But pride denies and my stand never survives
In every one of our lives in every single day

We need to lay down our pride as God takes it away

Take my pride away, pride away

Take my pride away, pride away

And take my pride away

Pride, pride

Pride away

Pride, pride, pride
