You tell me it's nothing
But I see it's something in your eyes
A fear is there
You say you don't need me,
Don't try to deceive me
By pulling the wool over my eyes
There's nothing wrong with needing help sometimes
What are friendships for
Now Please

Don't push me away
Condemn your pride
Sometimes we all need a hand to get by
Don't push me away
Condemn your pride
When tears start to fall then with you I will cry

No one is perfect,
It just isn't worth it to stand on your own
Though fear is there
Don't be ashamed to ask me to help you
To deal with the thought,
Spinning your head
There's nothing wrong with needing help sometimes
What are friendships for
Now Please

Don't push me away
Condemn your pride
Sometimes we all need a hand to get by
Don't push me away
Condemn your pride
When tears start to fall then with you I will cry

You can lean on me
Stand by my side, we will fight
We are much stronger as one

Don't push me away
Condemn your pride
Sometimes we all need a hand to get by
Don't push me away

Condemn your pride
When tears start to fall then with you I will cry
