Can you feel the pains in life?
Wrapped around you like they're chains
Restricting all your dreams
Do you wonder if there is a way?
A way to set you free, set you free

So tell me all your dreams
And tell me all your fears
And what you're longing for the most
It's not another way
That'll end up the same, for it's under my control

Do you feel the winds of change?
Soon this weight will fall away and take you to a place
Only found through these winds of change
A breeze that's new and free, new and free

So tell me all your dreams
And tell me all your fears
And what you're longing for the most
It's not another way
That'll end up the same, for it's under my control

And I'll be the one who you can cry to
The one who will give you wings
I will give you wings

Someday we'll sail away
Mounted up on wings like eagles
We will run and will not fade away

So tell me all your dreams
And tell me all your fears
And what you're longing for the most
It's not another way
That'll end up the same, for it's under my control

And I'll be the one who you can cry to
The one who will give you wings
I will give you wings
The one who will give you wings

I will give you wings
To set you free
The one who will give you wings

I will give you wings
To set you free
The one who will give you wings
