Stay for moment
Stay for a while
I feel so empty without you by my side
Outside the window, blur in my eyes
And through the mist I see

Into those rainy days
Into those sleepless nights
Oh what a sight, to see you smile
Into those rainy days
Into those sleepless nights
It's so divine, to make you smile

Stay for a moment
Stay for a while
Stay through the hours
I feel your goodbye
Haste overcomes us
Chasing our lives
When we will get there, tonight?

Into those rainy days
Into those sleepless nights
Oh what a sight, to see you smile
Into those rainy days
Into those lonely times
It's so divine, to make you smile

Stay for a moment
Stay for a while
Have a little patience
The best is to arrive
Give me your trusting
Give my your smile
I promise you a fair life

How can we go, if we are made to be together, girl
Only time can tell
Believe in our love
Don't let the factors trouble your fair mind
You know, someday

Into those rainy days
Into those sleepless nights
Oh what a sight, to see you smile
Into those rainy days
Into those sleepless nights
Into those lonely times
It's so divine, to make you smile
(2x)
