Welcome to the Dynasty's lounge
In this lab we be created new sounds
People gather around
Chillin at the Grotto
Welcome to the Dynasty's lounge
In this lab we be created new sounds
People gather around
Chillin at the Grotto
The world is turning all by itself
So you don't have to push it
Good things come to those who wait
So you don't't have to rush it
I don't know why
But this is what I love
What I sing is on my mind but it comes from the heart
Welcome to the Dynasty's lounge
In this lab we be created new sounds
People gather around
Chillin at the Grotto
Welcome to the Dynasty's lounge
In this lab we be created new sounds
People gather around
Chillin at the Grotto
Lalalaaa...(We be taking it easy,repeat after me)
Hey,hey hold on
When I'm down and I'm feeling restless
If I'm lost and I'm waisted and stressed
You will always lead my way
Write about the sorrow (We're ready for tomorrow)
I propose a toast for my brave Kwan soldiers
I'm caunting on my sweet Killer angels
Together we will rock this world
We're ready for tomorrow (Write about the sorrow)
Save this moment
And make this last all night
Freeze the time
Look into my eyes I feel love for the first time
Drink this wine with me
Live this life with me
I hope that you can feel my love
I hope that you can feel my,my love
Welcome to the Dynasty's lounge

In this lab we be created new sounds
People gather around
Chillin at the Grotto
Welcome to the Dynasty's lounge
In this lab we be created new sounds
People gather around
Chillin at the Grotto
