There's no truthful decendant, as I'm going through my  
Last drop  
And I don't think for tomorrow, faith for the new  
Dimension  
There's no way I could tell her, caught up in my own  
Emotions  
This bed is not my viewhole, upset my destination

There was no choice for you, I caught your name along  
In me  
Deep in the forest lies  
Blits that have come for you my babe

KertosÃe:  
Diamonds, don't wither  
Your face, lays behind their lies  
Diamonds, don't wither

Taking me away

KertosÃe

Will I be able to see peace  
As I ache now every second  
I've lost controll of my mind, fear for the new  
Exposure  
I should try to picture myself  
Forget this killing now bro  
To my side I'm falling  
Our past will be goodbye dear

There was no choise for you, I caught your name along  
In me  
Deep in the forest lies  
Blits that have come for you my babe

KertosÃe
