I'm just waiting for the rain (x2)
The rain (X4)
UH-AH
Tell me who you are
Declare your identity or you shall not enter
UH-AH
Fear must you not feel
Have trust in us and hold your sword down
Lower your shield
UH-AH
The temptation is too grand
We need to be holding hands to get our feet out of this
sand
UH-AH
Our world is a desert
UH-AH
Where is the rain?
I'm just waiting for the rain (x2)
UH-AH
We are close to deliverance
Temperature changes
Tolerate no interference
UH-AH
Thunder strikes in the sky
Can you feel the pulse tonight?
Tencion electrified
UH-AH
Shaba to the rain
It's been a hell of a long time since we've been waiting
UH-AH
Our world is a desert
UH-AH
Where is the rain?
Aaah
The rain will come
Out of the blue
To wash the pain away (x2)
I'm just waiting for the rain (x2)
Yeah
UH-AH
Tell me who you are
Declare your identity or you shall not enter

UH-AH
Thunder strikes in the sky
Can you feel the pulse tonight?
Tencion electrified
Fear must you not feel
Have trust in us and hold your sword down
Lower your shield
Shaba to the rain
It's been a hell of a long time since we've been waiting
Aah
The rain will come
Out of the blue
To wash the pain away (x4)
