Last night I had a dream that we didn't have to end like that  
Last night I had a dream that we didn't make it seem like that  
We talked about it we said both...  
But I promised I'll working more and more  
Girl I'll be made up you cry I apologize  
Then we made love this never take it this far  
She babe head on my pillow last night  
I jumped next she was there, she was there  
Last night, girl my favorite lenjerie  
And it wasn't obvious to me  
That put my...

Chorus:

Gone gone gone gone gone gone  
I was... dreams around but she was still  
Gone gone gone gone gone gone  
I woke up in the... what this morning...  
And I got to kiss her like I never ever ever  
... heard again  
Now is... feel like home

Last night made two weeks four days since you're away  
I've been counting down every hour every minute till  
you today

That's when I fall in it was her telling me how much it  
hurts  
Telling me how much I love it's really worth it  
She told me she had a dream I said when  
She said let's... she told me

She babe head on my pillow last night  
I jumped next she was there, she was there  
Last night, girl my favorite lenjerie  
And it wasn't obvious to me  
That put my...

Chorus:

Gone gone gone gone gone gone

I was... dreams around but she was still  
Gone gone gone gone gone gone  
I woke up in the... what this morning...  
And I got to kiss her like I never ever ever  
... heard again  
Now is... feel like home

... me... when I dream... I just can't take  
Every day I'm awake she's

[Chorus:]
