[Jay R]

How have you been
The last time I saw you
We graduated high school
I can't believe it's been 2 years since then

[Kyla]

I've been okay
Nothing much has changed
Still doing the same old thing

[Jay R]

Oh may I take a little bit of your time

[Kyla]

No, I don't think that would be possible

[Jay R]

Why do you have a boyfriend

[Kyla]

No, I broke it off 2 months ago

[Jay R]

If you don't mind
I'd like to get your number
And maybe reminisce together
Is that alright?

[Kyla]

I don't mind
Would love to get together (No doubt)
In fact tonight I'd rather (Yeah)
Go back in time

[Chorus]

I wanna go back into time
Now rewind back in the day
When nothing really mattered
Just let go let me take control
Just follow the signs
Let's go back in time (go back in time)

Let's go back in time (go back in time)
Let's go back in time (go back in time)
Let's go back in time (go back in time)

[Jay R]
Now here we are
Tell me everything about you
Where you go the things that you do
The things you like whatever is on your mind

[Kyla]
I just bought a house
Been half way 'round the world
Still not your ordinary girl

[Jay R]
I've always have had a little crush on you

[Kyla]
I can't believe you felt that way too

[Jay R]
And after all this time I still think I do

[Kyla]
Boy for now just take me where

[Chorus]
I wanna go back into time
Now rewind back in the day (Hey)
When nothing really mattered
Just let go let me take control
Just follow the signs
Just follow the signs (Just go back in time)
Let's go back in time (go back in time)
Let's go back in time (go back in time)

[Jay R]
Girl I'm glad you came tonight

[Kyla]
What made you think I'd decline

[Jay R]
I haven't seen you in a while
Still have that pretty smile

[Kyla]
I see you still haven't changed
Still have your flirty ways

[Jay R]

Well, I can't help it with you
You make me wanna go

[Chorus]

I wanna go back into time
Now rewind back in the day
When nothing really mattered
Just let go let me take control
Just follow the signs
Just go back in time

I wanna go back into time
Now rewind back in the day (Back in the day)
When nothing really mattered
Just let go let me take control
Just follow the signs
Just follow the signs (Just go back in time)
Let's go back in time (Just go back in time)
Let's go back in time (Just go back in time)
Let's go back in time (Just go back in time)
Let's go back in time (I wanna go back go back in time)
Let's go back in time (Just go back go back)
Let's go back in time
