The whole night nightx5
the whole, tell me i need to know,
where do you wanna go,
cuz if ya don't,
i'll take it slow,
make you lose controll,

baby would you like,
to spend the night,
the whole night,
and maybe if you play it right,
you can be my guy

the whole night night night,
do you mind if i,
the whole night night,
the whole night night,
would you mind if i,
the whole night night

do you mind if i take you home tonight,
stay another day,
if that's ok,
tell me baby,
would you mind if i take you home with me,
where no one can see,
so don't be shy,
baby baby x2

Baby,
i like your style,
so lets get it on,
cause if we touch,
i can get enough,
i'm falling for youu,
Honey would you like,
to make up tonight,
the whole night,
and baby,
if you play it right,
you can be all mine

do you mind if i take you home tonight, stay another
day, if that's ok,
tell me baby,
would you mind if i take you home with me, where no
one can see, so don't be shy, baby baby x2

the whole night night,
do you mind if i,
the whole night night night,
the whole night night night,
would you mind if i,
the whole night night,
the whole the whole,
baby, honey, baby, baby, hohohoney, baby,

baby would you like,
to make love tonight,
the whole night,
and baby if you play it right,
you can be all mine, you could be all mine, you could
be all mine, you could be all mine, you could be all
mine, you could be all mine, you could be all mine, you
could be all mine,
