People have been talking 'bout what I should do
But I just can't listen I keep in tune to you

Chorus

But I'm not gonna fall, I'm givin' it all to you my love
I'm not gonna fall, I'm givin' it all to you

Refrain

If i fix my eyes on you
Will you show me what to do
I lay down my sorrows all on you

If i can make the world fade away for just a moment, to
be alone with you
So many voices, too many noises, too many choices
Why can't it be just you and me

Repeat chorus/refrain

All that I can see is that they're lookin' at me
But all I've ever wanted was for you to be
The only thing that matters in my life to me
Lord you know, you know, you know

Standing in the mess of the crowd I love
Gonna give it all I've been living it out loud
You are the king and the light of my eyes
Lord, you know I'll reach you, for the prize

Repeat refrain
