On the phone, its 4am
And I'm still talkin' to my friend
Talkin' 'bout anything
Just to hear his voice would bring
Happiness, inside of me
He has such a nice personality
He tells me things that are good
Makes me feel like how a woman should

But I'm just not too sure
If he's into me
But i'm definitely feelin' him

He's making me crazy
Don't you know you're making me crazy
Just one kiss from you would make
Would make me so happy
Would make me so complete, baby
You're makin' me go crazy

When he's near, I talk to him
But he acts like we're not even friends
I wonder why he acts this way
There's just one thing
Nothing else to say

That's why i'm not too sure
If he's into me
But i'm definitely feelin' him

He's making me crazy
Don't you know you're making me crazy
Just one kiss from you would make
Would make me so happy
Would make me so complete, baby
You're making me go crazy...

When we're alone at home
Talkin' on the phone
You're so nice to me
And all this time, you got me questioning
Are you leading me on, you're leading me on...

You got me crazy
Don't you know you're making me crazy
Just one kiss from you would make
Would make me so happy
Would make me so complete, baby
You're makin' me go crazy
