when we kiss under the moon  
all the flowers start to bloom

i see the love begins to rule  
when we touch, i can feel the heat

my heart pumps up into a beat  
i close my eyes and fantasize

i thought the love had ever died  
you stop the tears i cried

refrain  
(my walls of heartache break)  
it's breaking my heart  
(you are my holiday babe)  
yes it's you, i'll say this to you

chorus  
(oooh your love)  
so exciting when you make your move  
deep inside, i can work you so smooth  
(oooh your love)  
love is always there  
can't find the words to say  
(oooh your love)  
like a fire burns in me concentrates, stimulates  
(oooh your love)  
loves a parasite, driven from the sky

you can take the sun and moon  
all i ever need is you  
you made my dreams become so true  
ecstasy cannot be measured

repeat refrain  
repeat chorus

bridge  
through the storm so nice and warm  
boy you know just what i want

when i think about love  
i run out of breath, i started to shake

repeat chorus to fade
