I like what I see my friend
All our moments and all of the time
We spend
The way that you make me feel
When you know my heart wants
Something
I know we could last till the bitter end
But only if we'll go hand in hand
Cause I know how you make me feel
And you know what it is, that something

[Refrain:]

It's so amazing baby
Been loving you like crazy
So I thank you for your heart
And you should know

[Chorus:]

When I'm with you
I don't feel lonely
When I'm with you
Heaven is right here in your arms
When I'm with you, my one and only
I'm in paradise, when I'm with you

Forever and another day
That's what people always say
A promise too often broken
But I know we will find a way

Cause we've got something
A lot of people search for their whole life for
And it will never, never, never end
Coz I just want you more and more

[Chorus:] [2x]

When I'm with you
I don't feel lonely
When I'm with you
Heaven is right here in your arms
When I'm with you, my one and only
I'm in paradise, when I'm with you

You make everyday to me
Another dream come true
I'm just so in love with you baby
It's more than physical
It's a spiritual thing
When I'm with you
My heart wants to sing

[Chorus:] [2x]
When I'm with you
I don't feel lonely
When I'm with you
Heaven is right here in your arms
When I'm with you, my one and only
I'm in paradise, when I'm with you
