Open mouth kisses
Soda pop wishes
I'm sorry I drank so much
And was afraid of those dirty streets

I hope you find love
And grow a new center
And let go
And let go
Of hurt

When you walked out that door
It's like I froze
I got so tired of needing you
And hating myself

I hope you find love
And grow a new center
And let go
And let go
Of hurt

I finally put up those blinds
You know I took my time
I felt like dying there
So you'd have to say goodbye

I hope you find love
And grow a new center
And let go
And let go
Of hurt
