At a very young age of only fourteen when I felt that  
feelin' inside  
Knew right then you were the one for me, the moment  
you looked in my eyes  
Well I kissed your lips and I held your hand  
Took me for a hell of a ride  
Guess I didn't know love back then  
You're my adios, baby, goodbye

You're my adios, baby, goodbye  
And I'm all broke down inside  
Love ain't on my side this time  
You're my adios, baby, goodbye

Let few years roll on by before I finally saw you again  
Told you right then you were the only one I tried to put  
a ring on your hand  
Well the shine wore off of brand new love  
You went and up and left me again  
Flew out of Dallas with a baby inside and another man's  
ring on your hand

You're my adios, baby, goodbye  
And I'm drinkin' til I see dawn's light  
Honey you know what you did ain't right  
You're my adios, baby, goodbye

Lyin' alone here in Fort Worth  
You know I wish you well  
Good luck in Spain with your brand new kid  
And tell your husband he can go to hell  
Well I know my spanish ain't all that good  
Darlin' I can give it a try  
There's only one thing left to say  
Adios, baby, goodbye

Adios, baby, goodbye  
And I'm gettin' on with my life  
Don't need you here by my side  
Adios, baby, goodbye
