Money can't buy love, but it can buy affection
I can't tell the difference anymore
I know it may sound sad, but girl what's really bad
When it's all gone you're headed for the door

Well my dollar bills are just like pills
You get high on expensive thrills
Nothin' I do can keep you satisfied
You whine about rough days
But you'll never understand what it's like workin' 8 to 5

Money can't buy love, but it can buy affection
I can't tell the difference anymore
I know it may sound sad, but girl what's really bad
When it's all gone you're headed for the door

One thing I think sure is funny
My whole week's pay becomes your money
No cash, no sex, no goin' out on the town
If my bank account is low, then our love sure can't grow
And it won't be long til you're out runnin' around

Money can't buy love, but it can buy affection
I can't tell the difference anymore
I know it may sound sad, but girl what's really bad
When it's all gone you're headed for the door

Well now go and try your hand
On a rockin' one night stand
You'll soon find out that's all it's gonna be
'Cause to get her into bed
You gotta let her in your head
And you'll be spendin' cash like it's growin' on a tree

Money can't buy love, but it can buy affection
I can't tell the difference anymore
I know it may sound sad, but girl what's really bad
When it's all gone you're headed for the door

Money can't buy love, but it can buy affection
I can't tell the difference anymore
I know it may sound sad, but girl what's really bad

When it's all gone you're headed for the door
