Headed north on 35 to see a girl on Sintako street
Never wanna stay a moment too long
That's where she gets me where I need to be
Rain drops fallin, my windshields cracked
Hey but that's no concern to me
I just pop me open one more beer
Just to keep from fallin fast asleep

Chorus:

Well it aint love, but it aint bad
Better than anything I've ever had
Something to ease this restless heart of mine
Cause I've been alone, I've been alone too long

2:23 in the morning when I finally pull into your drive
Shut off the lights and take a deep breath
And I'm thankin God I'm still alive
4 hours of loving doesn't last long
But it'll have to do for right now
And you're not mine, but you are for tonight
At least til 6:30 rolls around

Chorus

Repeat 1st part of 1st verse
