I haven't felt this alive
Since god knows when
It seems like we've danced to every song
I still feel like dancin'
But I know I should leave
But if I would have known you all along

We'd still be dancin'
So in love
This is as close to heaven as I'll ever know
And all that I can say to you
Is let's dance one more before I go

I used to come here
Every night when I was younger
Lately I just don't have the time
And darlin' I just want to thank you again
And if you were mine

We'd still be dancin'
So in love
This is as close to heaven as I'll ever know
And all that I can say to you
Is let's dance one more before I go

We'd still be dancin'
So in love
This is as close to heaven as I'll ever know
And all that I can say to you
Is let's dance one more before I go
Let's dance one more
Before I go
