Your sweet memory
Had its hold on me
And I tried constantly to let it go
The way you'd kiss at night
The way you'd hold me tight
Can be done just as right by any girl I know

And I can prove it to you
Baby, just watch me move
With any girl that walks into this room
And I'll find myself another
Temporary lover to do everything that you used to do
And I can prove it to you
I can prove it to you

One with your brown eyes
Shouldn't be hard to find
One with your sweet lips
Should be easy to seal
One that's always true
I know that's new to you
But to the rest of the world it's a real big deal

And I can prove it to you
Baby, just watch me move
With any girl that walks into this room
And I'll find myself another
Temporary lover to do everything that you used to do
And I can prove it to you

There's lots of fish in the ocean
Someday soon you will see
There's more to love than just the motion
That you've been going through with me

But, I can prove it to you
Baby, just watch me move
With any girl that's in the room
And I'll find myself another
Temporary lover to do everything that you used to do
And I can prove it to you

Oh, I can prove it to you
