We're two perfect strangers with no expectations
And nothing important to say
I don't hardly know you but I'd love to hold you
And I hope that you feel the same way
Tonight we can make our own rules
Girl we ain't got a thing to lose

The night is young
And so are we
We got nothing but time and there's no place that
we've gotta be
So take my hand
And a chance on me
Cause the night is young
And so are we

Where we'll wind up I don't know, but I'll go where you
go
Just say the word and I'm there
If it's trouble you're into, I'm right there with you
I know we'll find it somewhere

Oh, the night is young
And so are we
We got nothing but time and there's no place that
we've gotta be
So take my hand
And a chance on me
Cause the night is young
And so are we

That last look you gave me, made me think maybe it's
time
You and I disappeared
Let's cut to the chase, I don't wanna waste one more
minute
Let's get out of here

Oh, the night is young
And so are we
We got nothing but time and there's no place that

we've gotta be
So take my hand
And a chance on me
Cause the night is young
And so are we
Oh, the night is young
And so are we
Oh, and so are we
