I never saw true love coming,  
How could I with all my running around?  
I would have had no luck trying,  
Why keep looking to find what can't be found?  
Is love really a game, something I can play or is it my  
imagination?

Forever means the same as giving up the game all  
because of your infatuation.  
Let's quit while we're ahead, leave us behind.  
There's nothing you can say that can change my mind,  
I'm sorry if I've broken your heart, but I don't want to  
lead you on anymore.  
You can wait around for a dream that won't come,  
And you can say whatever you want but I'm done.  
We're going down girl, let's give it up.  
We had a good run, but it was never true love.  
I didn't know the end was coming, but heaven knows  
that I wasn't running away.  
We might have had a few things going, but lately  
home's the only place I wont stay.  
Is true love even real, something I can feel or is it just  
an expectation?  
And who are we to say that we should feel this way all  
because of our desperation?  
Let's quit while we're ahead, leave us behind.  
There's nothing you can say that can change my mind,  
I'm sorry if I've broken your heart, but I don't want to  
lead you on anymore.  
You can wait around for a dream that won't come,  
And you can say whatever you want but I'm done.  
We're going down girls, just give it up.  
We had a good run but it was never true love.  
I could fake it, but we'd never make it, loves too  
complicated of a lie.  
Such resistance of true love's existence is reason  
enough not to try.  
Let's quit while we're ahead, leave us behind.  
There's nothing you can say that can change my mind,  
I'm sorry if I've broken your heart, but I don't want to  
lead you on anymore.

You can wait around for a dream that won't come,  
And you can say whatever you want but I'm done.  
We're going down girl, just give it up.  
We had a good run but it was never true love.  
Oh, it was never true love.  
Oh, never true love.
