Let's make some history tonight  
The child inside is wild  
Let's make this moment come to life  
The time is on our side

Don't know what's up ahead  
It's only high and low  
Picture it in your head  
Nothing's impossible

We're gonna make it now  
We're gonna leave our mark  
Let's take a shot in the dark

Ready set "go for gold"  
Chasing every heartbeat  
We can feel it starting

Ready set "go for gold"  
Chase it 'til we own it  
Living in the moment

Ready set "go for gold tonight" [2x]

Even if we fall and make mistakes  
We live, we learn, we change  
Gotta keep on going every day  
And it will be worth the wait

Don't know what's up ahead  
It's only high and low  
Picture it in your head  
Nothing's impossible

We're gonna make it now  
We're gonna leave our mark  
Let's take a shot in the dark

Ready set "go for gold"  
Chasing every heartbeat  
We can feel it starting

Ready set "go for gold"  
Chase it 'til we own it  
Living in the moment

Ready set "go for gold tonight" [2x]

Ooo Ooo Ooo (go for gold)  
Ooo Ooo Ooo  
Ooo Ooo Ooo  
Ooo Ooo Ooo

Ready set "go for gold"  
Chasing every heartbeat  
We can feel it starting

Ready set "go for gold"  
Chase it 'til we own it  
Living in the moment

Ready set "go for gold tonight" [3x]
