I'm the type that's thought my heart to open up when I  
start feeling

The thing that love is meant to be  
And if you decide to come and stay no need to knock  
cause I'm unlocked

I want to let you get to me  
Ohh, and I ever find a better way oh is this is how it  
goes

Ohh... why can't I take it slow

I only know how to be in love  
I'll only treat you like the only one  
I don't know how to be friends with you  
Cause I  
Only know how to be in love

You say take me off this shadow  
Box it makes me feel uneasy  
The way you're looking up at me  
But in the way that your display it  
Secret sparks start to show

Oh so beautifully composed

I only know how to be in love  
I'll only treat you like the only one  
I don't know how to be friends with you  
Cause I  
Only know how to be in love

I always try  
Try everyday  
From falling I  
Can't stay away

I only know how to be in love  
I'll only treat you like you're the only one  
I don't know how to be friends with you  
Cause I  
Only know how to be in love

I only know how to be in love

I'll only treat you like you're the only one  
I don't know how to be friends with you  
Cause I  
Only know how to be in love
