I'm not a lonely boy
I have a million friends
But I never know
Just where their story ends

I am a business man
Talk like a ladies man
But all of my words
Are scribbled on my hand

Teach me how
How to worry
Teach me now
I need your help

Teach me to live
Teach me to
Teach me to
Teach myself, teach myself

I'd be your perfect mate
According to Chatelaine
But trust me, I cheated
Baby, I'm a fake

Teach me how
How to worry
Teach me now
I need your help

Teach me to live
Teach me to
Teach me to
Teach myself, teach myself

If I told you that I was a liar
Would you believe, believe
Believe, believe, believe
I don't need another mother, baby

I need someone who can take me
Make a better man of me

Better man, better man

Teach me how
How to worry
Teach me now
I need your help

Teach me to live
Teach me to
Teach me to
Teach myself, to teach myself

Teach me how
How to worry
Teach me now
I need your help

Teach me to live
Teach me to
Teach myself, teach myself

Teach me how
How to worry
Teach me now
Now, now, now, now, now, now

Teach me to
Teach myself, teach myself
Teach myself, teach myself
