Now you may look at me and you may think I'm strong,
but I'm not that strong 'cause deep inside I'm not so
tough
when it comes to love.

I know how it feels to cry and it took so long for the
tears to dry.
Handle me with tenderness. Come on, handle me with
tenderness,
oh, baby, please.

Oh, baby, (Be a little easy,) come on now, (be a little
easy on me.)
you know it's easy to break my heart. (Be a little easy,)
Come on now, (be a little easy on me.) it don't take
much for
the tears to start. Oh, baby, be be a little easy, hey
mmm.

You know a heart sometimes can be a fragile thing
(such a fragile
thing, ha ha ha ha), so, baby, handle mine with care
(ha ha ha ha).
PUT A LITTLE LOVE IN THERE. I know, I know (yes, I
know) how
hurt can feel and I still need time for the heart to heal.
I need a little tenderness. I just need a little tenderness.

OH, BABY, BE, hey, baby (be a little easy, be a little
easy on me).
You know it's easy to break my heart. (Be a little easy,)
Come on,
(be a little easy on me.) it don't take much for the tears
to start.
Oh, baby, be be a little easy,

,on this heart of mine (pa paa paa) 'cause it's been
broken thousand
times (pa paa paa). IF YOU TAKE IT, TAKE IT, TAKE IT,
DON'T BREAK IT,
BABY, DON'T BREAK IT. Be a little easy, hiii uuuh haaa.

Come on now. Oh, baby, be be a little easy.

Come on, come on, come on now, easy on me, easy on me,
easy on me. You know it's easy to break my heart, easy on me,
easy on me, easy on me, easy on me. Don't take much for the
tears to start. Oh, baby, be (yeah), come on and be a little easy,
hey hii hii.

(Be a little easy,) Come on now, (be a little easy on me.)
you know it's easy to break my heart, come on, come on now.
Easy on me, easy on me, (be a little easy on me.)
ehhee,
don't take much for the tears to start. Oh, baby, (Be a little easy,
be a little easy on me.) be a little easy. You know it's easy to
break my heart, (Be a little easy,) hey. (be a little easy on me.)
Don't take much for the tears to start.
