Night - Eroding the stones of man  
Flight - Within the psyche of man  
Cry out - Dead matter awakes  
Shadows - Of past self awakes  
Outside - World spins your fate  
No guide - Demise of spirit awaits  
Fight - Futile attempts of man  
In sight - The fertile grip of man  
When does the tunnel fucking end?  
Fallen times and relics speak  
Truths of the strong and weak  
History repeating with a laugh  
We all want what we can't have  
I can't find another way,  
Can't find another way.  
Where does the horizon unfold?  
Where does it break away?  
When does the tunnel end?...
