There doesn't have to be a reason
There doesn't have to be a why
And any moment could be magical
It could be this night

You've got an energy
Burnin' like I've never seen
Bringin' me to life

And I can't beat the feeling that I get
When I'm with you
My heart plays a rhythm in my head
I can't help but move

Two people synchronized
But the fire brings you closer, I've decided
I can't beat the feeling that I get
When I'm with you

Feel the force of the reaction
Let it take you on a ride
And all resistance is illogical
When your love slides

We got an energy
Fast revolving round our feet
Bringin' us to life

And I can't beat the feeling that I get
When I'm with you
My heart plays a rhythm in my head
I can't help but move

Two people synchronized
But the fire brings you closer, I've decided
I can't beat the feeling that I get
When I'm with you

We've got an energy
We've got an energy
We've got an energy
We've got an energy

We've got an energy
We've got an energy
We've got an energy

We've got an energy
Burnin' like I've never seen
We've got an energy
Bringin' us to life

And I can't beat the feeling that I get
When I'm with you
My heart plays a rhythm in my head
I can't help but move

Two people synchronized
But the fire brings you closer, I've decided
I can't beat the feeling that I get
When I'm with you

Ooh, ooh, ooh, yeah
Ooh, ooh, ooh, yeah
Ooh, ooh, ooh, yeah
Ooh, ooh, ooh, yeah
