C'mon, get down, c'mon

This beat is so hypnotic
Feels like it will be getting
All of the people on it tonight

I sense the situation
And let the bass line do it
And get a new creation for life

City games, people doin' what they do
Feel the change, through the night
Slow it down, feelin' kind of a desire
Got a sound for your loving

My baby gets down when the tempo drops
Never coming round till the music stops
My baby gets down, baby loves the sound

My baby gets down when the music's right
I'm losing myself in the city lights
My baby gets down, baby gets on down

Now that the beat's chaotic
It's best that we be getting
A little wicked on it tonight

So come a little closer
So I can whisper to you
That's got a twist of what I, I like

City games, people doin' what they do
Feel the change, through the night
Slow it down, feeling kind of a desire
Got a sound for your loving

My baby gets down when the tempo drops
Never coming 'round till the music stops
My baby gets down, baby loves the sound

My baby gets down when the music's right
I'm losing myself in the city lights

My baby gets down, baby gets on down

City games, people doin' what they do
Feel the change, through the night
Slow it down, feeling kind of a desire
Got a sound for your loving

My baby gets down when the tempo drops
Never coming 'round till the music stops
My baby gets down, baby loves the sound

My baby gets down when the music's right
I'm losing myself in the city lights
My baby gets down, baby gets on down

My baby gets down when the tempo drops
Never coming 'round till the music stops
My baby gets down, baby loves the sound

My baby gets down when the music's right
I'm losing myself in the city lights
My baby gets down, baby gets on down

Baby, baby
Baby, baby
