Burned this disco
Burned this disco
Burned this disco

Burned this disco
Burned this disco
Burned this disco

I've been thinking, reminiscing
'Bout the days when we were wishing
We could fly and touch the sky

Laughing, meeting under cover
Running, hiding from your mother
If we tried we could do anything

And when the DJ came to town
People came from miles around
Baby, I still recall those things

And ooh, I'm missing you now
I'm missing you now

And you turned my world around
When you burned this disco down
Why d'you leave to find yourself?
I can't dance with no one else

And still there's memories of this town
When you burned this disco down
Disco down, disco down, disco down

It's been ten years now this Sunday
Since you left or was it Monday?
Time can fly when you're still in love

And now I boogie in my dreams
To the freak or dancing queen
Baby, I still recall those things

And ooh, I'm missing you now
I'm missing you now

And you turned my world around
When you burned this disco down
Why d'you leave to find yourself?
I can't dance with no one else

Still there's memories of this town
When you burned this disco down
Disco down, down, disco down, ooh

And oh, now the dance has died for sure
Since your love ain't here no more
Still I wonder where you are
(I'll always wonder where you are)

And you turned my world around
(Burned this disco)
And when you burned this disco down
And why d'you leave to find yourself?
I can't dance with no one else

And still there's memories of this town
When you burned this disco down
Disco down, disco down
