Ooh ooh ooh....

So slow (So slow),
I can barely feel you move me
You'll never let me just let go (just let go)
When all I wanna do is ooohh... excuse my french

Give it and take it
This feelings so frustrating
And I'm longing to touch you
But you just keep me waiting
Baby look into my eyes
It's time you realised

All I've been missing
Is another (It is not a) french kissing
Encore, Encore
I can hear you breathing
Baby seeing is believing
Give me more, Give more
Ooh ooh ooh....
I'll show (I'll show) (shooooow),
That I'm a woman whos not faking
I'll never let you lose control (never let you lose control)
'cos all I wanna do is ooohh... excuse my french

Give it and take it
This feelings so frustrating
And I'm longing to touch you
But you just keep me waiting
Baby look into my eyes
It's time you realised

All I've been missing
Is another (It is not a) french kissing
Encore, Encore
I can hear you breathing
Baby seeing is believing
Give me more, Give more
Ooh ooh ooh....

All I've been missing

Is another (It is not a) french kissing
Encore, Encore
I can hear you breathing
Baby seeing is believing
Give me more, Give more
Ooh ooh ooh....

Take it to ---

Give it all away
Show me that you want me

Take it to ---

Give it all away
Show me that you want me

[kissing, breathing]

All I've been missing
Is another (It is not a) french kissing
Kissing, kissing, kissing

All I've been missing
Is another (It is not a) french kissing
Kissing, kissing, kissing

All I've been missing
Is another (It is not a) french kissing
Encore, Encore
I can hear you breathing
Baby seeing is believing
Give me more, Give more
Ooh ooh ooh....

All I've been missing
Is another (It is not a) french kissing
Encore, Encore
I can hear you breathing
Baby seeing is believing
Give me more, Give more
Ooh ooh ooh....
