Fragile  
Fragile

Innocent, that's my way  
Don't know where I am  
Catch my breath, can't think straight  
Gotta make a plan

But I get butterflies  
Water in my eyes

'Cause I'm fragile when I hear your name  
Fragile when you call  
This could be the nearest thing to love  
And I'm fragile when I hear you speak  
Fragile feeling small  
This could be the closest thing to love

Shake and sweat, wipe my brow  
Scared of what's to come  
Lie awake, toss and turn  
Am I the only one?

But I get butterflies  
Water in my eyes

'Cause I'm fragile when I hear your name  
Fragile when you call  
This could be the nearest thing to love  
And I'm fragile when I hear you speak  
Fragile feeling small  
This could be the closest thing to love

But I get butterflies  
Water in my eyes  
When I think of you  
I could break in two

'Cause I'm fragile when I hear your name  
Fragile when you call  
This could be the nearest thing to love  
And I'm fragile when I hear you speak

Fragile feeling small  
This could be the closest thing to love

'Cause I'm fragile when I hear your name  
Fragile when you call  
This could be the nearest thing to love
