It's night time
We're driving
Lights go by make stars in my eyes
It's cold out
And it's warm in
When I had you by my side
And I want this
It's special
When the breeze is on my face
For now and for always
I'll dream about this time and place

This is the feeling I want for always
This is the feeling I want for always
Free
So free

It's special
The feeling
Really nice, nice and new
Something
To believe in
We'll do whatever we choose
And I want this
It's magic
On the road to God knows where
For now and for ever
I'll dream about this time we shared

This is the feeling I want for always
This is the feeling I want for always
Free
So free

Free
So free

(Scream)

This is the feeling I want for always
This is the feeling I want for always

This is the feeling I want for always
This is the feeling I want for always
Free
So free

Free
So free

Free
So free
