I was stuck in a psycho
Staggering slowly on a head
Paying the price and waiting for answers
But then, but then you took me end

You a revel me
Set the spirit free
And everything inside of me
Cause are you made now

You breathe your life in me,
You left me off my knees
And is picking me so high
I won't come down

Because you pull me then
Baby you pull on my heart strings
I miss the deepest feeling
You have such an effect on me
You give me everything

You pull me then
Baby you pull on my heart strings
I miss the deepest feeling
You have such an effect on me
You give me everything

I was stuck in a psycho
Staggering slowly on a head
Paying the price and waiting for answers
But then, but then you took me end

You a revel me
Set the spirit free
And everything inside of me
Cause are you made now

You breathe your life in me,
You left me off my knees

And is picking me so high
I won't come down

Because you pull me then
Baby you pull on my heart strings
I miss the deepest feeling
You have such an effect on me
You give me everything

You pull me then
Baby you pull on my heart strings
I miss the deepest feeling
You have such an effect on me
You give me everything x2
