We can drown any rumours bout winners and losers  
sayin "I aint' ready for that"  
When the love needs to grow and the world wants to  
know, we gotta keep it under your hat.

Bridge

Sometimes those close to you find it hard to feel your  
pain  
Sometimes you wanna surrender, but you say here I  
come again.

Chorus

I'm the survivor  
Even denier  
I felt compasion even with knives in my back  
But you know it aint over when you feel the tears dry  
You can laugh at the clouds in the sky and it don't  
seem so black  
oh I belive in the love that your givin and I'm ready for  
that yeah

(i'm a survivor, i felt compasion, I'm a survivor, you can  
laugh at the clouds in the sky aint it don't seem so bad)

Feelings gone and fast then its suddenly back you  
were over and now your a queen,  
you forget who you are for they made you a star now  
your hotter than you ever been

Bridge

Sometimes those close to you find it hard to feel your  
pain  
Sometimes you wanna surrender, but you say here I  
come again.

Chorus

I'm the survivor  
Even denier  
I felt compasion even with knives in my back  
But you know it aint over when you feel the tears dry  
You can laugh at the clouds in the sky and it don't  
seem so black

oh I believe in the love that you're giving and I'm ready for  
that yeah

I'm the survivor  
Even denier
