[\* Keith singing]  
[+ both Kylie and Keith singing]

[1:]  
\*Without you standing by my side  
\*Love and good fortune passes me by  
And you were my guiding light  
It seemed so easy  
+When we said goodbye

+How different would the world be now  
If only we had worked it out somehow  
+What kind of fools are you and I  
+There would be stars up in the sky  
+If you were with me now

[2:]  
\*And I know I may go astray  
\*But who's to say that we can't change our mind  
My love burns stronger each day  
If I'm sure of one thing

+One love at a time  
+How could we throw our love away  
\*When we had so much more than words can say  
+The darkest clouds would fade away  
+To bring the light into my day  
+If you were with me now

[3:]  
If loving you is right  
Then turn back the hands of time  
\*I'd do anything to make you mine  
There's nothing that I wouldn't do  
\*I could make you feel my love for you  
+If you were with me now  
+If you were with me now +If you were with me now
